David:

Please let me know when all uploaded into FOIA Online, and please provide me with the 2 pdf itemized lists, thanks.

Noreen, we are ready to release the documents in the LN FOIA database marked 'Release' and the Relativity database marked "Responsive" to the requester. My total time on the FOIA request is now 30.25 hours.

Leslie:

Once you are done, please let both me and David Hoff know, so that David can put the docs into FOIA Online and then provide me with the itemized list. I need your final time. I have you down for 15 hours so far. Thanks.

Hi Noreen,

Only a few people didn't respond, and I don't think they are likely to have responsive emails. I've been through all the emails in Lotus Notes and Relativity, but I want Jim to spot check what I've marked releasable. Not sure if we'll make the 8/3 deadline but I don't think it will be too long after that.

Hi Leslie:

This FOIA is due on August 3, 2016. I was just checking in to see what the status is of the people putting in their emails into the database? Last time we discussed this you said it would be awhile (see email below). I did talk to Todd and he agreed to see where we are at on August 1. He said that depending on where we are at, if it is still going to take awhile, I should get a date from you and we will put this on Complex Track.

Please give me an update, thanks.

Only 1/3 of the people have put their LN emails in the DB so it will probably take a while.

Leslie:

I did get a call from the requestor asking for a number of documents. I did call her back and let her know that not everyone has put all their documents into the database. Once you have this count, could you send the requestor an email of how many there is so we can find out if she wants to continue that part.

I would assume she would since she had the go ahead to do the documents that HQ's will be doing. Thanks.
